

TRAVEL AND STUDY ABROAD OPTIONS

Central is committed to helping its students expand their knowledge of the world. The travel and study abroad options at CHS are important ways for our students to prepare for a future that will require global awareness. Past travel opportunities have included spring break travel to Paris and the Loire Valley of France as well as summer study and homestays in Costa Rica. Central students will travel to Spain in March 2013.

WORLD LANGUAGES

AT CENTRAL HIGH SCHOOL

❖ BIENVENIDOS / BIENVENUE ❖

Welcome to Central High School!

Learning French or Spanish is an important way to prepare for your future success. We are very proud of the language experience we offer our students and hope to see you in one of our classes very soon.

The CHS Language Experience

DISCOVER LANGUAGES, DISCOVER THE WORLD!

It is an exciting time for world language education. Languages are an increasingly important subject that prepares students for today's global economy and interconnected world.

Central's language classes are highly communicative. Pair, group, and whole class activities are regular features of the classes because they allow significant opportunities to exchange ideas and are enjoyable for students. Many ways to explore other cultures include the latest tech applications, hands on projects, and interaction with heritage speakers who attend Central.

The classes are interesting and engaging but have been carefully designed to continuously develop students' language proficiency and prepare them for success on college entrance and IB exams as well as

increase their awareness of other lands and peoples.

The study of a language opens the doors to the world. Be a part of the CHS Language Experience!

QUALITY TEACHING STAFF

Central High School's World Language Department is defined by its highly qualified and devoted staff. They all possess or are working on a Masters Degree. The department is distinguished by having a National Board Certified Teacher and the 2010 National Language Teacher of the Year as well as leaders serving important roles in state and national organizations. CHS language teachers have advanced proficiency in the languages they teach and have spent significant time abroad studying and learning about various countries. They enthusiastically pursue professional development that allows them to remain current with best teaching practices.
